WE WELCOME YOU

...to another comprehensive offering of American numismatic literature. This list contains items from 1946 to date, and there are plenty of highlights. In the reference book section we offer the enormous two volume set of U.S. Silver Dollars by Q. David Bowers. The catalogue section contains virtually all of the "name" sales of the past 50 years such as Miles, Garrett, Bareford, Taylor, Norweb, Eliasberg, Bass, etc. and can be found along with hundreds of other quality sales.

As we officially head into the new millenium, with or without a new President, I'd like to recommend that you consider adding to your numismatic library as there are more references available than ever before. If you spend "big bucks" on coins, you will need the catalogues to determine the actual rarity and/or pedigree. This has been true lately with numerous buyers at the recent Bass U.S. Gold sales contacting us for information.

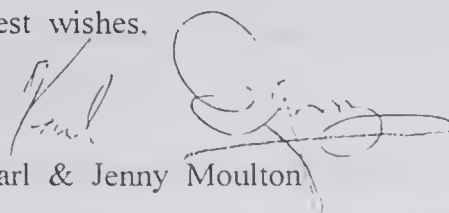

Speaking of information, we would like to announce that a new 50+ page reference on recent American auction catalogues from 1990 to 2000 will be ready sometime in February or early March. For continuity, it will follow the numbering sequence found in Gengerke. This important card covered, spiral bound compilation will answer many burning questions such as, "How many Heritage Bullet Sales are there really?" Advance orders are now being taken at a pre-publication price of \$25, which includes priority shipping. Regular price will be \$29.95, and dealers can write for a quantity discount.

Now a comment about our favorite friends at the United States Postal Service. Once again, they have been permitted to raise their rates. This affects everyone and even angers more than a few, myself included. Recently, we sent a small order to New York. The customer ordered it two weeks before he needed it as a gift for a client. It never showed. Three days before his deadline, he called and asked me to re-ship it by Overnight Express guaranteed at a huge premium. After four days it still had now shown up and the USPS web site can't track it, except to say it's enroute. As this is being written, the customer is quite frustrated, I'm quite frustrated, and the Post Office is a lot richer without any consequences other than to issue a refund.

In order to help everyone, might I suggest that if you want something by a certain time, please let us know and we will do our best to accommodate (unlike the USPS). We will use Fed Ex or UPS and not the USPS for rush orders. Their guarantee is absolutely worthless! But, since it is the holiday season, we will try not to wish them ill thoughts. Perhaps the increase in rates will help.....NAH!

Anyway, enjoy the offering and remember the 10% early bird discount on orders over \$100 (see page A). Educate yourself in the interesting field of numismatics, there is much to learn. As always, Jenny and I say "THANK YOU" for your business.

Best wishes,

Karl & Jenny Moulton

HOW DO YOU WANT TO RECEIVE YOUR PACKAGE?

Here are the options to choose from :

1. **SPECIAL STANDARD (BOOK RATE).** Please send \$2.00 for the first item and \$.75 cents for each additional item along with insurance from the table below; for shipping purposes, count five PR's as one item. This is how most orders will be shipped unless another choice is requested and prepaid. This option takes anywhere from 5 to 30 days for your package to arrive (it can be extremely slow).
2. **PRIORITY MAIL.** Please send \$3.20 for the first item and \$1.00 for each additional item along with insurance from the table below; as mentioned above, one to five PR's equal one item for shipping charges. It will take 2 to 10 days for your package to arrive as the post office will not guarantee delivery within three days.

NOTE: Shipping your order may cost more or less than the estimates above depending upon weight. **You will be charged the actual shipping amount.** Any additional charges will be billed; any prepaid overages will be credited to your account. Insured packages can only be traced after 30 days.

*** Any order of \$25 or more for merchandise keeps you on our mailing list for one entire year. ***

PACKING & HANDLING: Please add the following charges for the number of items you order:

1 - 5.....	\$.75 per item
6 - 10.....	\$ 5.00 Total
11 - 20.....	\$ 7.00 Total
21 - 30.....	\$10.00 Total
31 - 40.....	\$12.00 Total
41 - 50.....	\$15.00 Total
51 or more.....	\$20.00 Total

This helps cover the cost of boxes, strapping tape, packing for the catalogues, labels, etc.
The charges listed above are, in every case, lower than the per lot fees charged in mail bid sales.

INSURANCE: We insure all packages. Please add charges from the table below:

POST OFFICE INSURANCE

HERITAGE "CATALOGDISK"

May 4, 2000

Central States Numismatic Society

This very first American auction catalogue CD was issued in the limited edition of 5,000 copies. Although released without much fanfare, it will no doubt revolutionize the American numismatic marketplace. Believe it or not, these are now out of print. With this in mind, and realizing that they are destined to become significant collectibles, we offer a mint CD for.....\$15.

06/15/50	Menjou, 133pp., 2746 Lots A sale replete with numerous rarities. Featuring an 1802 Half Dime, 1873-CC Dime, 1894-S Dime, 1876-CC Twenty-cent piece, 1823 Quarter, 1827 Quarters - both types, 1796 Half Dollars, 183800 Half Dollar, 1885 Trade Dollar, 1870-S Silver Dollar, 1841 Quarter Eagle, 1863 Quarter Eagle, 1854-S Quarter Eagle, 1875 \$3, 1815 Half Eagle, 1819 Half Eagle, 1821 to 1834 Half Eagles, 1858 Eagle, 1879 Quintuple Stella, & 1882 to 1888 Proof Double Eagles. For those numismatists doing pedigree research this sale often provides a stumbling block for prior ownership. Most, if not all, of the coins offered were coins from the Charles Williams collection (a Cincinnati, Ohio insurance mogul), rather than Adolph Menjou. Menjou's name was obtained chiefly to mask the identity of the Williams' collection. The catalogue was poorly prepared and it shows clearly with Kosoff labeling the over-dated 1827 quarters by "Beistle" varieties instead of using Browning's name. This goes to show that Kosoff used FCC Boyd's notes in creating the WGC Sales...	55.

03/03/61	Hydeman, 40pp., 1311 Lots, 1804 Dollar with two page description which fails to mention any differences in the classes of originals and restrikes. Kosoff background information was riddled with inaccuracies. Likewise, the 1913 Nickel offered in this sale failed to meet the reserve of \$50,000 that was set by the consignor. (This is one of the few times this particular rarity failed to sell.) It was bid up to \$41,000, which was a realistic price at the time considering that the same coin brought \$46,000 in the 1967 ANA sale	30.

They contain an extensive run of U.S. Gold coins, Territorial Gold, and a hoard of 1856 Flying Eagle Cents. All the major rarities are here. The catalogues are well illustrated and belong in every numismatic library. If you were to purchase them singly with copies of PR's, they would cost you \$23. Save yourself some money and get some excellent material for your reference library at the same time. This is a special deal for Near Mint catalogues.

PARAMOUNT (U.S., Foreign)

Founded by Max Humbert, James Kelly, Jim Ruddy, Dave Bowers, & Michael DiSalle in 1964. This company offered choice U.S. and world coins at auction and in fixed price lists. Dave Akers' cataloguing and Tom Mulvaney's photography were an integral part of the fine quality of these sales. Ray Merena catalogued, too. Build a set while they're still cheap.

Rarities include uncirculated 1794 and 1796 w/pole Half Cents. The S-5 1793 Wreath Cent is listed as "An exceptional coin" (ex-Anderson/DuPont), while the 1796 S-90 is perhaps the	

finest and only Mint State example currently traced. The middle and later dates are also well represented with many uncirculated examples. Some of these high-grade pieces are not listed in the Noyes volumes, so this catalogue, which was issued at a high initial price, is needed to update the condition census. We offer a NEAR MINT copy of this important sale at 45.

- 01/22/53 Guggenheimer/Hutchinson, 72pp., 1342 Lots
A remarkable collection of U.S. and World material. Just a few items included are a 1796 w/pole Half Cent, 1799 Large cent, 1797 Unc Half Dime, 1894-S Dime, 1796 & '97 Halves, an 1838-O Half, 1794 Dollar, and several Gobrecht issues. Also included are Ancient Greek and Roman, World Gold, & U.S. Large Size Currency. One item of personal interest in this sale is the offering of an 1823/2 and an 1827/3/2 Capped Bust Quarter, both of which were catalogued as Proofs. In the descriptions, which are not complete by any means, the pedigrees are only traced back to a short time prior to 1933. The 1827 is not even catalogued as an overdate. This writer has been doing extensive research regarding early quarters for over 12 years. One discovery made is that the overdated 1827 obverse die was the same one used for the 1823/2 (it did not crack as Breen suggested in his 1988 Encyclopedia, p.340). In reality the 1827/3/2 date had been reworked at the Mint and overdated on all 4 digits by Christian Gobrecht. The two 1827 overdated quarters which were struck over earlier quarters (and are incorrectly classified as Restrikes without rust) were originally intended to be test pieces to try out the new close collar technology. These two coins have a most interesting background; more of which will be related by this writer in a proposed early quarter dollar book..... 50.

- 02/27/54 Sawicki/Miller, 32pp., 969 Lots The highlight of this sale is Sawicki's attributed Large Cents; many of which are plated. Among the other items of interest are an 1864 Lincoln & Garfield Gold Campaign Medal in Proof, and the collection of John McClelland who endeavored to have his coins all one shade. This was done by cleaning and polishing everything. Among the overlooked rarities are example of an uncirculated 1853-D & 1855-O Gold Dollars, uncirculated 1824 & 1848-D Quarter Eagles..... 40.

05/03/63	Samuel Wolfson II, 99pp., 1541 Lots	This sale, as the previous Gold sale, contains many important rarities in all series. The highlight of which is the 1804 Dollar with pedigree documents from John Haseltine and William E. DuBois. Apparently, the first owner of this example, R.C. Davis, wanted some documentation from the parties responsible for creating and selling this coin. This was a smart idea on Davis's part as he knew, along with Haseltine and DuBois, that this coin was one of the "new" Class III Restrikes that first entered the coin market in 1876. The documentation from DuBois is an outright lie and makes for interesting reading	35.	06/02/67	Nicholson Family, 83pp., 1547 Lots	8.

03/12/76 John Work Garrett, 176pp., 678 Lots With separate Highlights publication. In December of 1975 the Johns Hopkins University decided to "put on the market a selection of duplicates and related numismatic redundancies in American coinage". Stack's was "appointed" and subsequently issued this catalogue, which is strong in early Proof sets including many lots of Proof Gold and U.S. Patterns. Apparently, the powers that be at JHU were not pleased. Thus, the remaining portion of the deaccessioned Garrett collection was presented by Bowers & Ruddy in four parts from 1979 to 1981. These sales virtually broke the bank for many coin dealers and prices realized were tremendous across the board 45.

10/22/81 Bareford, 168pp., 626 Lots Once again, as they had in late 1978, Stack's orchestrated a Bareford/Robison offering. Perhaps the most important part of this catalogue is Bareford's Half Dime and Dime collection, all of which are pedigreed. In fact, every lot in this sale is pedigreed, thanks to Bareford's meticulous records. The appearance of the 1804 Dexter / Bareford Dollar is most interesting. In this catalogue the Stack's firm is under the opinion that "Mr. Dexter seems to have been pleased with his purchase". When this identical coin appeared in the October 17, 2000, 65th Anniversary sale by Stack's, they mention "the new owner, James Dexter, was highly suspicious". Further on they relate "he decided to sue the Chapman's" (the sellers of the coin in 1885). It is because of this litigation by Dexter that we have written statements from various officials at the Mint which are outright lies. In the Stack's 2000 catalogue, they mention "The Dexter dollar is the only one known to have been certified authentic by officials of the United States Mint" (p.113). This however is incorrect information as an earlier September 17, 1878 letter on Mint stationery written by William E. DuBois (the probable creator of all 1804 Restrike & Electrotypes dollars) states basically the same thing about a different 1804 dollar then owned by Robert Coulton Davis. This 1878 letter is reprinted in the April 8, 1954 Davis-Graves catalogue (p.87) which was issued by none other than Stack's! A final note regarding the "D" counter-stamp on this dollar; in the October 2000 Stack's sale they mention incorrectly that the 1827 overdated Restrike Quarter with a "D" counter-stamped on it "has been claimed as proof that Dexter put the letter on the 1804 Dollar". As the discoverer of the "D" on the 1827/3/2 Quarter, I would like to state that no such claim was ever made, only that the counter-stamp would fit within the proper time frame and overall scenario of the suspicious and possessive Mr. Dexter. It is quite reasonable to assume he marked his two most valuable coins for identification purposes should they ever be stolen. The idea of him counterstamping rather worthless Hard Times Tokens has little credibility in light of the high value of his two rarest U.S. coins. Conversely, the idea of Dunham counter-stamping any extremely rare U. S. coin seems to be equally ludicrous. The phrase used by Stack's in saying the counter-stamped "D" on the 1804 dollar is "the same diminutive letter D" as found on Dunham's HTT's is nothing but pure speculation on the part of John J. Ford, Jr. At this point in time, the counter-stamps on these coins have not been scientifically examined and properly photographed for comparison. Only by overlaying accurately measured transparencies will the similarities or differences become apparent. Casual observation about the counter-stamps, as mentioned in the Stack's 2000 catalogue, is absolutely meaningless. Wouldn't it be interesting if all of these were from the same punch?..... 50.

Spines deteriorating and cracked in the middle. All pages complete and fresh with no foxing. These extremely scarce volumes provide detailed documentation about early United States financial activities. This includes Mint Director Reports from the respective years and communications from the Treasury Department to Congress. A vast amount of information on commerce is interleaved with documents on public monies, assays of foreign coins, deposits in banks, and other numismatically interesting historical information. Comes with a generous supply of old dust. These heavy volumes are seldom offered. Both for 375.**

- BOWERS, Q. DAVID: **History of U.S. Coinage - Garrett Collection, 572 pgs., Hardbound The only problem with this book is the fact that it is not read anywhere nearly as often as it should be. It contains more interesting, worthwhile, and valuable information about American coinage than has ever been presented anywhere else. It makes the Breen Encyclopedia look like a Redbook. The contemporary 19th century correspondence, along with the entire Garrett Collection pedigrees, simply add to the information imparted by the many plates, both black & white and color. With Dave Bowers forthcoming book about the California Gold Rush and the sinking of the SS Central America, people will greatly enjoy having this book as a companion guide due to the many Territorial issues which were contained in the Garrett Collection. If you don't already have this book, do yourself a favor and get a copy now..... 60.**
- Abe Kosoff: Dean of Numismatics, 1985, 351 pgs. A most interesting account of Kosoff's numismatic activities. He handled every major rarity, including Patterns and Territorial Gold; and was a participant in the 1954 Palace Collection sale of King Farouk..... 30.**
- Silver Dollars of the United States Encyclopedia - Vol. I & II 1993, 3095 pgs. The most comprehensive year and mintmark analysis of Bust, Seated, Trade, Morgan, and Peace Dollars ever published. It is "a Complete Encyclopedia". Previous auction records have gone above the \$500 mark. It is extremely doubtful this set will ever go down in value. One softcover set is available at495.**

BREEN, WALTER:	Encyclopedia of U.S. and Colonial Proof Coins: 1722—1989, Revised and Corrected Edition, 1989, 338 pgs. This revised edition was deemed necessary to attempt clarification of his earlier 1977 work. Breen's entire concept of early proof coinage prior to the mid-1830's is based on the physical examination of coins he has labeled as proof. Most of his rhetoric is unsubstantiated and, as of now, there has yet to be one shred of evidence which documents any early Proof coinage from the U.S. Mint. Based on all sources, the coins outlined in this compilation remain nothing more than prooflike business strikes until official documentation confirms otherwise. Imaginative writing even if you don't believe all of it.....	35.

COIN DEALER NEWSLETTER (GRAY SHEET)

**An impressive run of over 800 issues
from 1963 to 1989!**

This group starts with the November 8, 1963, issue; which, by the way, was printed on buff colored paper. It continues with over 80 early issues from 1964 to 1969. Then this lot skips to the August, 1975 ANA issue, from where it continues nearly complete through September of 1989. These long over-looked weekly periodicals provide a tremendously important research tool to chart, not only prices, but true rarity in the top grades. As a bonus, we will include over 75 different Monthly Summaries from September, 1976 through September, 1988. These contain many specialized articles about the different series in U.S. numismatics.

First call gets it for..... **\$295.**

LIFE MAGAZINE April 27, 1953

Louis Eliasberg Article

This little-known and seldom offered edition contains the first color photographs of selected rarities from Louis Eliasberg's coin collection. Included in the four-page spread are some of the gems, both U.S. and Foreign, in all metals with descriptions. To date this remains the only photographic record of a few choice specimens of the as yet unsold World Gold portion of his collection. We offer a fine, complete issue with the Queen Elizabeth II official coronation portrait on the front cover for only..... **\$ 75.**

PRICES REALIZED LISTS AVAILABLE 1946 TO DATE

This is a list of all the prices realized lists we have on file for 1946 to the present. No catalogues are included in this section, though they can be found elsewhere in this fixed price list. After a listing, "C.... or O...." indicates either a photocopy (C) or an original (O) prices realized list is available and at what price. An original printed Prices Realized list is the most overlooked item in numismatics. All originals are subject to prior sale. Supply is limited to stock on hand, and prices are subject to change without notice.
